

Dave Olson Joins String Real Estate Information Services Board of Advisors

Washington, D.C. March 26, 2007 - String Real Estate Information Services, the world's leading offshore mortgage processing outsourcer, has appointed David Olson to its Board of Advisors. Olson is president of Wholesale Access Mortgage Research and Consulting in Maryland and previous recipient of the Industry Distinguished Service Award from the National Association of Mortgage Brokers.

Olson will advise String's executive team during their rapid growth cycle and beyond. His extensive industry history and knowledge will help steer String's future performance and service initiatives. "Dave's background complements our initiatives," said Prashant Kothari, president and founder, of String. "His expertise and experience will provide valuable counsel and direction as String continues to grow."

Since 1991, Olson has conducted studies and published research for the mortgage industry including: *Home Equity Lines of Credit for the American Bankers Association*, *The Wholesale Directory* and *The Home Equity Loan Market Study*. He is an active speaker at many industry conventions and corporate meetings and has served on government committees and court cases as an expert witness. Prior to his own practice, Olson was vice president and chief economist of SMR Research Corporation in New Jersey where he co-authored several studies on the mortgage industry.

He is a member of the Mortgage Bankers Association of America, Maryland Association of Mortgage Brokers, National Association of Mortgage Brokers and founded the Baltimore Economics Society, a group comprised of key executives of financial services firms in that city "The timing is right for the industry to embrace offshore initiatives," said Olson. "Prashant is a smart, experienced business professional and I am happy to provide support to String's growth endeavors."

About String Real Estate Information Services
